

## FRIENDSHIP DAY CELEBRATIONS

Friends are the siblings God never gave us. As A.R. Rahman rightly put in one of his songs, “the only ship that doesn’t sink is friendship!”

Friendship day celebrations were on the 7th of August. Friendship is the one bond among us that livens college lives and is never forgotten even after graduating from college. This year as part of the celebrations, the Students’ Union, acted as a link between friends to surprise them with a small token of love and friendship. Over the week, Students’ Union encouraged the students to buy friendship cards and write personalized messages on it. These cards were delivered to the respective people on Friendship day along with a friendship band.

The occasion called for a performance by the Western dance club and the Western music club. Friends were encouraged to “twin” or “squad up” where they had to dress alike. Students were invited to come forward to dance to friendship themed music. Everybody enjoyed the short program in good spirits. The celebration finally came to an end with hyperactive dancing, crazy enthusiasm and million dollar smiles....

Happy Friendship Day - Students' Union 2017-2018
